**Attachment 2
AES Registration Form**

Transmission Service and MISO Market Operations Certification

Check one of the following three boxes that applies

- Enclosed copy of completed and FERC accepted OATT Service Agreement or
- Listed on MISO's OATT - "Index of Point-to-Point Transmission Service Customers" or
- Listed on MISO's OATT - "Index of Network Integration Transmission Service Customers"

_____ (Corporate Name) has internet access to use the Open Access Same-time Information System (OASIS) for reserving transmission and ancillary transmission services with MISO.

_____ (Corporate Name) has internet access to use the MISO Portal for the Energy and Operating Reserves Market.

I certify that the information supplied on this form is correct. Any information found to be incorrect could result in the AES being denied registration to serve retail customers in UMERC's service territory.
